GitHub: https://github.com/parasrajput
Email: parasrajput@gmail.com
Mobile: +91-8273436813

SKILLS

Languages: JavaScript, C++, C, Python
Frameworks: Express.js, Node.js, MongoDB, SQL
Machine Learning: Regression, Clustering, Classification, NLP
Tools/Platforms: Git, GitHub, Google Colab
Soft Skills: Communication, Problem Solving, Teamwork, Adaptability

TRAINING

Summer PEP Training | ByteXL — Jun'25 - Jul'25

- Completed an intensive, hands-on industry-oriented program focused on algorithmic thinking and coding fundamentals.
- Strengthened programming skills, covering efficient memory usage, STL, and coding best practices with practical implementation.
- Mastered in Data Structures & Algorithms (DSA), such as recursion, backtracking, greedy algorithms, graphs, dynamic programming, sliding window, and hashing techniques.

PROJECTS

Expense Tracker| GitHub — Jan'26 - Feb'26

- Built a secure RESTful backend API leveraging Node.js, Express.js and MongoDB to manage user-authenticated expense data.
- Designed MongoDB schemas with Mongoose, featuring request verification, indexing and pre-save hooks for password hashing. Implemented full CRUD functionality for expense management.
- Applied middleware-based architecture for authentication, centralized error handling, and request validations securely.
- *Tech: Node.js, Express.js, Mongoose, JWT*

Deposit Amount Prediction using Predictive Analytics| GitHub — Nov'25 - Dec'25

- Engineered an end-to-end machine learning system to forecast deposit amounts based on institutional attributes such as the number of offices and accounts.
- Conducted data preprocessing, exploratory data analysis (EDA), and correlation study to identify key factors influencing deposit growth with statistical insights.
- Evaluated multiple regression models, including linear & tree-based models and enhanced performance through hyperparameter tuning and cross-validation for improved accuracy.
- Achieved approximately 92% accuracy in deposit forecasting by leveraging advanced data analysis and predictive modelling techniques.
- *Tech: Python, Pandas, NumPy, Scikit-Learn, Matplotlib, Seaborn*

CERTIFICATIONS

- Oracle Data Platform 2025 Certified Foundations Associate | Link — Oracle | Mar'26
- Web Application Technologies and Django | Link — Coursera| Aug'25
- The Bits and Bytes of Computer Networking | Link — Coursera | Oct'24

ACHIEVEMENTS

- **Secured 3-star rating on CodeChef** — Sep'25
  among 500,000+ participants in CodeChef contests.
- **Attained a prominent global ranking of 4,583rd** — Aug'25
  among 10,000+ participants in Codeforces Div. 2.

EDUCATION

Lovely Professional University — Phagwara, Punjab
Bachelor of Technology, Computer Science & Engineering | **CGPA: 7.8** — Aug'23 – Present
St Mary's Convent Sr. Sec. School — JP Nagar, Uttar Pradesh
Intermediate | **Percentage: 88%** — Apr'21 – Mar'22
St Mary's Convent Sr. Sec. School — JP Nagar, Uttar Pradesh
Matriculation |**Percentage: 92%** — Apr'19 – Mar'20
